EASY MAINTENANCE

KITCHEN HOOD

Avant-Garde SERIES

ARTESAN

MAINTENANCE TIPS

① SURFACE CLEANING

By using soft cloth & non-abrasive detergent to clean oil and stain on surface regularly to maintain hygiene.

② OIL FILTER CLEANING

Empty the oil tray and clean baffle filter with warm water regularly and non-abrasive detergent to maintain the suction efficiency.

③ CHARCOAL FILTER

Recommended to replace it at least once a year to ensure peak performance. Charcoal filter is non-washable, you can purchase it with our after-sales department.

④ HOOD MOTOR

Contact our after-sales department for motor servicing & maintenance at least once a year to ensure consistent suction and performance.

RECOMMENDED HOOD INSTALLATION HEIGHT

① T - HOOD

② SLANTED HOOD

③ COMPACT-SLANTED HOOD (FOR CASSERA)

④ L - HOOD (FOR SIROCCO XR)

⑤ L - HOOD (FOR ROSSETA)

⑥ PANNELLO HOOD / SEMI-SLANTED

* For proper installation, kindly refer to the user manual for the specific model.

FASTO

SERIES

GAS HOB

MAINTENANCE TIPS

① GAS HOB SURFACE
(GLASS)

Glass surface is easy to clean. Make sure to use only soft cloth / sponge with non-abrasive detergent to avoid damage / scratch the surface.

② GAS HOB SURFACE
(STAINLESS STEEL)

Clean by using soft cloth / sponge with non-abrasive detergent as detergent with acidic nature might damage / scratch the stainless steel surface.

③ CLEAN UP SPILL AS
SOON AS IT OCCURS

Do not use cold water on hot surface as it will create thermal shock that can reduce the life span of the glass. Handle carefully when surface is hot.

④ CLEANING OF BURNER
RING & STAND

Use soft sponge with non-abrasive detergent to do regular cleaning. Remember to let dry before placing it back to the hob.

PREMIUM ELECTRIC HOB WITH VETRO KERA GLASS

RENZO

MAINTENANCE TIPS

1 GLASS SURFACE CLEANING

Glass surface is easy to clean. Make sure to use only soft cloth / sponge with non-abrasive detergent to avoid damage / scratch the surface.

2 CLEAN UP SPILL AS SOON AS IT OCCURS

Do not use cold water on hot surface as it will create thermal shock that can reduce the life span of the glass. Handle carefully when surface is hot.

3 CLEAN THE BOTTOM OF COOKWARE

Cleanliness of the cookware's bottom is very important as it will affect the heating efficiency.

4 DO NOT DRAG HEAVY COOKWARE ON THE HOB

Always lift cookware off and never slide or drag across the hob surface as they might cause scratches and damage.

ELECTRIC HOB

RIVOLI

QUALITY ELECTRIC HOB, GUARANTEED.

The perfect addition to all modern kitchens today, bringing functionality and elegance as one.

KONSTEC HEAT CONTROL WITH OVERHEATING PROTECTION

With **KONSTEC** heat control technology, the temperature is electronically controlled to provide constant and more uniform distribution of cooking heat. It also comes with a built-in overheat protection sensor to provide extra safety and avoid the vitro-ceramic glass surface being damaged by overheating.

OVEN & MICROWAVE

SERRA

3-IN-1 COMBI STEAM OVEN

MAINTENANCE TIPS

1 REGULAR CLEANING OF INNER CAVITY

Keep cleanliness of the cavity every time after use to avoid difficulty in removing hard stains.

2 CLEANLINESS OF DOOR GLASS

Use the right degreaser and method to clean oven glass door. Handle with care as the glass is hot after using the oven.

3 CHOOSING THE RIGHT COOKWARE

Use only utensils and containers that are approved and labeled for microwave oven use.

4 KNOW WHAT TO PUT INTO MICROWAVE OVEN

Foods like whole egg, chilli pepper, pasta sauce, sausages and etc are not recommended to cook using microwave, as it will create spillover.
